

# Company Overview (Nightlife / Events)

## 1) What we are

**BEST Nightlife Thailand** is a premium nightlife experience company in Bangkok.

Our flagship product is **Bangkok Club Crawl**: curated, host-led nights visiting **4 top venues** with a strong social design for travelers (especially solo travelers) who want connection and a high-quality night out.

## 2) What we do (core products)

### A) Public Weekly Events

- **Bangkok Club Crawl** (regular weekly)
  - Start time: **9:30 PM**
  - Format: **4 venues**
  - Outcome: guests feel welcomed, connected, and taken care of — not “lost in Bangkok nightlife”

### B) Themed / High-Volume Nights

- NYE, Christmas, Halloween, special “big nights”
- More hosts, larger logistics, stronger run-of-show discipline

### C) Private / VIP Experiences

- Private bar crawl for groups
- Custom nightlife (birthdays, celebrations, VIP access)
- Higher touch, flexible timing, upgraded service

### 3) Who we serve (primary audience)

- **Solo travelers seeking connection**
- Couples who still love nightlife
- Small groups visiting Bangkok who want a “done-for-you” night
- (Later expansion) expats/locals via new event formats

### 4) Our promise (value proposition)

We don't sell “4 venues.”

We sell:

- **social confidence** (easy to meet people)
- **safety + guidance** (you're not alone)
- **premium curation** (upscale vibe, not street chaos)
- **smooth logistics** (we manage timing, flow, group energy)

### 5) What we are NOT

- Not a cheap backpacker pub crawl
- Not a chaotic “get drunk and disappear” group
- Not a random venue roulette
- Not a transactional tour — we're an *experience design company*

### 6) Competitive edge (why people choose us)

- Curated route with **upscale venues**
- Strong host energy + social facilitation
- Repeatable structure with flexible routes
- Strong operational system across multiple booking platforms
- Consistent 5-star guest experience culture

## 7) Operating principles (how we run)

- Every guest should feel **seen within the first 20 minutes**
- We protect the vibe: **friendly, open, fun, respectful**
- We move as a group without feeling like a school trip
- We communicate clearly: expectations, timing, meeting point, what's included

## 8) Success metrics (simple)

- Show-up rate / refund rate
- Reviews volume + sentiment
- Repeat attendance / referrals
- Profit per event night
- Host quality consistency

# Brand Philosophy & Experience Principles

## 1) Brand identity in one line

Premium social nightlife experiences in Bangkok — curated, hosted, effortless.

## 2) The feeling we create

Guests should feel:

- **welcomed** (not awkward)
- **confident** (not anxious)
- **socially included** (not left out)
- **safe** (not uncertain)
- **elevated** (not “cheap night out”)
- **free** (they can enjoy without managing logistics)

## 3) Our experience standards (non-negotiables)

### Before the night (pre-event)

- Clear expectations: what’s included, timing, meeting point, dress vibe
- Guests know: “This is hosted. I won’t be alone.”
- Confidence-building language: simple, warm, direct

### During the night (event execution)

- Hosts proactively connect people (especially solos)
- Group energy is guided: icebreakers, movement, regrouping

- We keep time without rushing the vibe
- We manage conflict quietly + early

### **After the night (post-event)**

- Follow-up: thanks, review prompt, "come again" invitation
- Capture learnings: what worked, what to improve

## **4) Premium but approachable — what it means in action**

**Premium** = curated venues, smooth flow, confident hosts, clear comms

**Approachable** = friendly tone, inclusive vibe, no snob energy

## **5) The host vibe (how we show up)**

- Calm authority + playful energy
- Socially intelligent, not performative
- Reads the room, adapts the flow
- Protects guests who feel shy, lost, or overwhelmed

## **6) Red flags (what breaks the brand)**

- Host disappears / not leading energy
- Guests left alone too long
- Sloppy meeting logistics
- Over-drinking "party leader" behavior
- Treating it like a cheap pub crawl
- Poor communication (late updates / unclear locations)

## **7) Brand voice rules (for staff + AI)**

- **Direct, confident, helpful**

- Never desperate, never “chasing”
- If price objection: explain value logically, no arguing
- If guest is confused: simplify, don’t lecture
- Always end with a **clear next step**

## 8) Guest safety & responsibility (baseline)

- We promote fun + responsible drinking
- We intervene early if behavior risks guest comfort or safety
- Escalation rule: if it could become a serious situation → involve management and prioritize safety

# Business Model (Expanded)

## Customer Segments

1. **Solo travelers** (core)
2. **Couples** who want nightlife but not chaos
3. **Small groups** (friends traveling together)
4. **Private groups** (birthdays, celebrations)
5. **Corporate / team outings** (future expansion with structured formats)

## Value Propositions

- Curated upscale venues (Bangkok's "good nightlife" without guessing)
- Strong hosted social experience (you'll meet people naturally)
- Time + stress saver (no planning, no disappointment)
- Safety + local guidance (confidence + smooth logistics)
- Repeatable fun (different routes, different nights)

## Channels

- OTAs: Airbnb, GetYourGuide, Viator/Tripadvisor, Klook, Eventbrite/Megatix
- Direct: Instagram, WhatsApp, website
- Partnerships: venues, hotels/hostels, travel agents, influencers/affiliates

## Customer Relationships

- High-trust, high-clarity communication
- WhatsApp group chat onboarding for confirmed events

- Community-like vibe (encourage repeats + referrals)
- Post-event follow-up + review system

## **Revenue Streams**

- Public event ticket sales (primary)
- Private / VIP bookings (higher margin)
- Add-ons (transport upgrades, special access, photos, etc.)
- Partnerships/sponsorships (later)
- (Future) Pass/membership ecosystem

## **Key Activities**

- Event design & route planning
- Booking management across platforms
- Guest comms (pre/during/post)
- Host training + quality control
- Venue partnerships & deal negotiation
- Content + social proof generation

## **Key Resources**

- Hosts (Ice, Boom, JJ + backup)
- Venue network
- SOPs + playbooks
- Booking infrastructure (Bokun + standalone channels)
- WhatsApp communication system
- Brand assets + content library

## **Key Partners**

- Venues (bars, clubs)
- Transportation providers (vans/taxis)
- OTAs + booking platforms
- DJs / promoters (event nights)
- Hotels/hostels/travel agents (referrals)

## **Cost Structure**

- Host fees + bonuses
- Transport (vans)
- Event materials (bracelets, hats, props)
- Platform commissions (OTAs)
- Marketing spend (ads/influencers)
- Operations admin time/tools

## **Profit Drivers (what to protect)**

- Maintain premium positioning (don't race to the bottom)
- Increase direct bookings share over time
- Improve repeat attendance + referrals
- Tight cost control on big nights (hosts + transport + timing)

# Product & Offer Catalog (Nightlife / Events)

## Purpose

Single source of truth for **what we sell, to whom, and how.**

Used by: founders, ops, hosts, sales, AI assistants.

---

## 1) Core Product Categories

### A) Public Weekly Events (Core Cashflow)

#### Bangkok Club Crawl

- Schedule: Weekly (multiple days depending on demand)
- Start time: 9:30 PM
- Format: 4 curated venues
- Hosted: Yes (1–2 hosts regular nights)
- Transport: Included / arranged depending on route
- Group size: Flexible (min required to confirm)
- Booking channels: OTAs + Direct

#### Guest Outcome

- Meet people naturally
  - Feel guided and confident
  - Experience Bangkok nightlife without stress
- 

### B) Big Nights / Seasonal Events

Examples:

- Halloween Crawl
- Christmas Crawl
- NYE Crawl
- Special themed nights

### **Characteristics**

- Higher volume
- More hosts (3–5+)
- More logistics (vans, props, timing control)
- Higher ticket price
- Stronger run-of-show discipline

### **Rules**

- Always planned with a dedicated playbook
  - Budget + margin must be reviewed in advance
  - Post-event review is mandatory
- 

## **C) Private / VIP Nightlife Experiences**

### **Private Bar Crawl**

- For birthdays, celebrations, friend groups
- Flexible start time
- Custom route
- Private host(s)

### **VIP Nightlife**

- Club access
- Bottle service coordination
- High-touch experience

## **Bachelor / Bachelorette Party**

- Good bye single station
- Curated but wild / fun
- Can add male / female models or entertainers

## **Rules**

- Always quoted manually
  - Pricing based on complexity + group size
  - Margin protection is priority
- 

## **2) What's Included vs Not Included (Baseline)**

### **Included (Public Events)**

- Host-led experience
- Entry coordination
- Group facilitation
- Games / social activations (when applicable)

### **Not Included (unless stated)**

- Unlimited drinks
  - Personal expenses
  - Before&After-event transport home
- 

## **3) Customization Rules**

- **Public events** → NOT customizable
- **Private events** → customizable within operational limits
- Any customization must:
  - Be operationally feasible

- Maintain brand quality
  - Protect margin
- 

## **4) Upsells & Add-Ons (Current / Future)**

- Private transport upgrades
  - Special venue access
  - Photo/video add-ons
  - Entertainers
  - Personal bodyguard
  - Daytime experience cross-sell (future bridge to Your Thailand Guide)
- 

## **5) Product Guardrails (Non-Negotiables)**

- We do not compete on lowest price
- We do not dilute experience for volume
- Every product must feel "hosted" and intentional

# Pricing & Margin Logic

## Purpose

Protect profitability while allowing flexibility.

---

## 1) Pricing Philosophy

- Value-based, not cost-plus
  - Price reflects:
    - Curation
    - Hosting
    - Social design
    - Logistics management
- 

## 2) Price Tiers (Conceptual)

*(Exact prices live elsewhere)*

- Public events: Entry-level premium
  - Big nights: Premium+
  - Private events: Premium / VIP
- 

## 3) Cost Components (Always Track)

- Host fees
- Host bonuses (reviews, performance)
- Transport (vans)

- Event materials
  - OTA commissions
  - Marketing cost (if applicable)
- 

## 4) Margin Rules

- Every event must be profitable **on its own**
  - Big nights require **pre-event margin planning**
  - Discounts:
    - Allowed for volume or strategic partnerships
    - Never emotional or pressure-based
- 

## 5) OTA vs Direct Logic

- OTAs = volume + visibility
  - Direct = margin + relationship
  - Never undercut OTAs publicly
  - Incentivize direct booking subtly (communication, experience)
- 

## 6) Authority Levels

- Hosts → cannot change prices
- Ops → can apply predefined adjustments
- Founder → final approval on exceptions

# End-to-End Customer Journey Map

## Purpose

Everyone (and AI) knows **what happens next**.

---

## Stage 1: Discovery

### Where guests find us

- OTAs
- Instagram
- Referrals
- Website

### Goal

- Clear understanding of what the experience is
  - Build confidence
- 

## Stage 2: Inquiry / Consideration

### Channels

- WhatsApp
- OTA messages
- Instagram DMs

### Goal

- Answer clearly

- Reduce hesitation
  - Move toward booking
- 

## Stage 3: Booking

### Actions

- Payment confirmed
- Booking recorded in system
- Event date noted

### Rules

- No WhatsApp group yet if minimum not met
  - Guest informed about confirmation rules
- 

## Stage 4: Pre-Event

### Trigger

- Minimum guest number reached

### Actions

- WhatsApp group created
- Confirmation message sent
- Meeting point + time shared
- Expectations set

### Goal

- Guests feel ready and excited
- 

## Stage 5: Event Night

### Actions

- Hosts arrive early

- Welcome + check-in
- Social facilitation
- Group flow management
- Timing control

#### **Goal**

- High energy, low stress
  - No one feels left out
- 

## **Stage 6: Post-Event**

#### **Actions**

- Thank-you message
- Review request
- Soft invitation to return

#### **Goal**

- Capture social proof
  - Encourage repeat attendance
- 

## **Stage 7: Retention**

#### **Actions**

- CRM tagging
  - Future event invitations
  - Cross-sell to other experiences
- 

## **Key Principle**

| Every stage should feel **intentional, calm, and guided**
